

# SAFETY DATA SHEET

Based upon Regulation (EC) No 1907/2006, as amended by Regulation (EU) No 2015/830

# **Green Fix**

### SECTION 1: Identification of the substance/mixture and of the company/undertaking 1.1. Product identifier Product name : Green Fix Registration number REACH : Not applicable (mixture) Product type REACH : Mixture 1.2. Relevant identified uses of the substance or mixture and uses advised against 1.2.1 Relevant identified uses Adhesive 1.2.2 Uses advised against No uses advised against known 1.3. Details of the supplier of the safety data sheet Supplier of the safety data sheet SOUDAL N.V. Everdongenlaan 18-20 B-2300 Turnhout **2** +32 14 42 42 31 +32 14 42 65 14 msds@soudal.com Manufacturer of the product SOUDAL N.V. Everdongenlaan 18-20 B-2300 Turnhout **2** +32 14 42 42 31 +32 14 42 65 14 msds@soudal.com 1.4. Emergency telephone number 24h/24h (Telephone advice: English, French, German, Dutch): +32 14 58 45 45 (BIG) SECTION 2: Hazards identification 2.1. Classification of the substance or mixture Not classified as dangerous according to the criteria of Regulation (EC) No 1272/2008 2.2. Label elements Not classified as dangerous according to the criteria of Regulation (EC) No 1272/2008 2.3. Other hazards No other hazards known SECTION 3: Composition/information on ingredients 3.1. Substances Not applicable 3.2. Mixtures Name CAS No Conc. (C) Classification according to CLP Note Remark REACH Registration No FC No trimethoxyvinylsilane 2768-02-7 1%<C<3% Flam. Liq. 3; H226 (1)(10) Constituent 01-2119513215-52 220-449-8 Acute Tox. 4; H332 3-(trimethoxysilyl)propylamine 13822-56-5 1%<C<3% Skin Irrit. 2; H315 (1)(10) Constituent 01-2119510159-45 237-511-5 ye Dam. 1; H318 (1) For H-statements in full: see heading 16 (10) Subject to restrictions of Annex XVII of Regulation (EC) No. 1907/2006 SECTION 4: First aid measures Created by: Brandweerinformatiecentrum voor gevaarlijke stoffen vzw (BIG) Publication date: 2007-08-16 134-15960-476-en Technische Schoolstraat 43 A, B-2440 Geel Date of revision: 2015-11-13 http://www.big.be © BIG vzw Reason for revision: 2;3

1/12

# 4.1. Description of first aid measures

### General:

If you feel unwell, seek medical advice.

# After inhalation:

Remove the victim into fresh air. Respiratory problems: consult a doctor/medical service.

After skin contact: Rinse with water. Take victim to a doctor if irritation persists.

# After eye contact:

Rinse with water. Take victim to an ophthalmologist if irritation persists.

# After ingestion:

Rinse mouth with water. Consult a doctor/medical service if you feel unwell.

# 4.2. Most important symptoms and effects, both acute and delayed

4.2.1 Acute symptoms After inhalation: No effects known. After skin contact: No effects known. After eye contact: No effects known. After ingestion: No effects known.

### 4.2.2 Delayed symptoms No effects known.

# **4.3. Indication of any immediate medical attention and special treatment needed** If applicable and available it will be listed below.

# SECTION 5: Firefighting measures

# 5.1. Extinguishing media

5.1.1 Suitable extinguishing media: Adapt extinguishing media to the environment.
5.1.2 Unsuitable extinguishing media:

No unsuitable extinguishing media known.

# 5.2. Special hazards arising from the substance or mixture

Upon combustion: formation of CO, CO2 and small quantities of hydrogen chloride, nitrous vapours, sulphur oxides.

# 5.3. Advice for firefighters

5.3.1 Instructions:

- No specific fire-fighting instructions required.
- 5.3.2 Special protective equipment for fire-fighters:
  - Gloves. Protective clothing. Heat/fire exposure: compressed air/oxygen apparatus.

# SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1 Protective equipment for non-emergency personnel

- See heading 8.2
- 6.1.2 Protective equipment for emergency responders
  - Gloves. Protective clothing.

Suitable protective clothing

See heading 8.2

# 6.2. Environmental precautions

Contain leaking substance. Use appropriate containment to avoid environmental contamination.

# 6.3. Methods and material for containment and cleaning up

Scoop solid spill into closing containers. Clean contaminated surfaces with a soap solution. Wash clothing and equipment after handling.

# 6.4. Reference to other sections

See heading 13.

# SECTION 7: Handling and storage

The information in this section is a general description. If applicable and available, exposure scenarios are attached in annex. Always use the relevant exposure scenarios that correspond to your identified use.

# 7.1. Precautions for safe handling

# 8.1.5 Control banding

If applicable and available it will be listed below.

# 8.2. Exposure controls

The information in this section is a general description. If applicable and available, exposure scenarios are attached in annex. Always use the relevant exposure scenarios that correspond to your identified use.

# 8.2.1 Appropriate engineering controls

Carry operations in the open/under local exhaust/ventilation or with respiratory protection.

- 8.2.2 Individual protection measures, such as personal protective equipment
  - Observe normal hygiene standards. Do not eat, drink or smoke during work.

# a) Respiratory protection:

Respiratory protection not required in normal conditions.

# b) Hand protection:

Gloves.

# c) Eye protection:

Eye protection not required in normal conditions.

# d) Skin protection:

Protective clothing.

# 8.2.3 Environmental exposure controls:

See headings 6.2, 6.3 and 13

# SECTION 9: Physical and chemical properties

# 9.1. Information on basic physical and chemical properties

| Physical form            | Paste          | loperties  |

### Conclusion

Contains component(s) with potential for mobility in the soil Contains component(s) that adsorb(s) into the soil

# 12.5. Results of PBT and vPvB assessment

Due to insufficient data no statement can be made whether the component(s) fulfil(s) the criteria of PBT and vPvB according to Annex XIII of Regulation (EC) No 1907/2006.

# 12.6. Other adverse effects

### Green Fix

# Global warming potential (GWP)

None of the known components is included in the list of fluorinated greenhouse gases (Regulation (EU) No 517/2014)

# Ozone-depleting potential (ODP)

Not classified as dangerous for the ozone layer (Regulation (EC) No 1005/2009)

3-(trimethoxysilyl)propylamine

Ground water

Ground water pollutant

# SECTION 13: Disposal considerations

The information in this section is a general description. If applicable and available, exposure scenarios are attached in annex. Always use the relevant exposure scenarios that correspond to your identified use.

# 13.1. Waste treatment methods

# 13.1.1 Provisions relating to waste

Waste material code (Directive 2008/98/EC, Decision 2000/0532/EC).

08 04 10 (wastes from MFSU of adhesives and sealants (including waterproofing products): waste adhesives and sealants other than those mentioned in 08 04 09). Depending on branch of industry and production process, also other waste codes may be applicable. Can be considered as non hazardous waste according to Directive 2008/98/EC.

# 13.1.2 Disposal methods

Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber with energy recovery. Remove waste in accordance with local and/or national regulations. Do not discharge into drains or the environment.

# 13.1.3 Packaging/Container

Waste material code packaging (Directive 2008/98/EC). 15 01 02 (plastic packaging).
